

PetRehomer Spay & Neuter Terms & Conditions

As funds allow, from time to time, PetRehomer may offer to help adopters with the cost of spaying or neutering pets that are adopted using the PetRehomer service.

Each request for financial assistance will be considered on its own merits. All requests will be subject to the following:

1. Any payment made by PetRehomer will be by way of reimbursement up to a maximum of 75% of the cost of the neutering/spaying procedure only.
2. PetRehomer will not reimburse additional items such as pain killers, medical collars or any additional medication prescribed or suggested by the vet.
3. Before any procedure is booked, the adopter must provide PetRehomer with a written quote from the veterinary practice and be in receipt of an 'agreement to proceed' from PetRehomer. The agreement to proceed will detail the maximum amount to be reimbursed to the adopter for the procedure.
4. The veterinary practice undertaking the procedure must be reputable, suitably qualified and registered with the British Veterinary Association.
5. On occasion, PetRehomer may require more than one veterinary quote.
6. Priority will be given to providing financial assistance to the neutering of female cats, dogs and rabbits. This does not however preclude financial assistance to male cats, dogs and rabbits, the decision to do so is at the discretion of the Charity's trustees.
7. In most cases, adopters on low incomes will be prioritised for financial assistance.
8. Financial assistance will only be provided following a successful procedure and the submission of the veterinary practice's invoice which has been paid in full.
9. Financial assistance will only be provided to the veterinary practice for the named pet referred to in the "agreement to proceed".
10. PetRehomer is not entering into any contracts with either the named veterinary practice or the adopter. Accordingly, should the pet be injured or die during the procedure, PetRehomer will not accept any liability whatsoever and will not provide any financial assistance towards the cost of the procedure.
11. Any financial assistance will only be made by PetRehomer to a bank account registered in the name of the adopter.
